

**ALASKA DEPARTMENT OF LABOR
AND WORKFORCE DEVELOPMENT**

**AMENDED EMPLOYMENT PREFERENCE DETERMINATION
(EFFECTIVE SEPTEMBER 1, 2007)**

By authority of A.S. 36.10.150 and 8 AAC 30.064, the Commissioner of Labor and Workforce Development determined the State of Alaska to be a Zone of Underemployment. A Zone of Underemployment requires that Alaska residents who are eligible under AS 36.10.140 be given a minimum of 90 percent employment preference on public works contracts throughout the state in certain job classifications. This hiring preference applies on a project-by-project, craft-by-craft or occupational basis and must be met each workweek by each contractor/subcontractor.

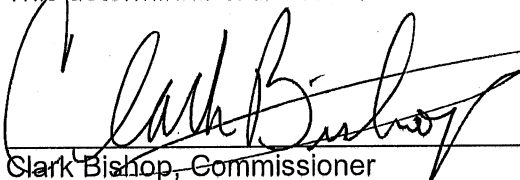

For additional information about the Alaska resident hire requirements, contact the nearest Wage and Hour Office in Anchorage at 907.269.4900, in Fairbanks at 907.451.2886 or in Juneau at 907.465.4842.

The following classifications qualify for a minimum of 90 percent Alaska resident hire preference:

Boilermakers	Foremen and Supervisors	Piledriving Occupations
Bricklayers	Insulation Workers	Plumbers and Pipefitters
Carpenters	Ironworkers	Roofers
Cement Masons	Laborers	Sheet Metal Workers
Culinary Workers	Mechanics	Surveyors
Electricians	Millwrights	Truck Drivers
Equipment Operators	Painters	Tug Boat Workers
		Welders

This determination amends the determination issued effective July 1, 2007. The only change is that millwrights have been included under the Alaska employment preference requirements.

This determination shall remain in effect until June 30, 2009.

Clark Bishop, Commissioner
